OVERVIEW:

The Neighborhood Design Center (NDC), in partnership with Councilmember Lourdes Barroso de Padilla and the City of Columbus Department of Neighborhoods, invites teams of neighborhood residents and community organizations to submit proposals for inclusive placemaking opportunities to celebrate neighborhoods across the city. 614 Beautiful is a program aimed at beautifying and unifying Columbus communities through place-based, public-facing improvements achievable with \$15,000 of project support.

Beautification projects may include, but are not limited to: public art, landscape enhancements, wayfinding & signage, facade improvements, and/or transit-oriented interventions/streetscape improvements, and must be located within City of Columbus corporation limits. 614 Beautiful proposals should engage nearby residents, neighborhood businesses, and organizations, address environmental justice concerns, and create safe and equitable spaces. A jury consisting of project stakeholders and design professionals will review submissions and select winners to implement proposals.

Submission Deadline: Monday July 7, 2025 by 5:00 PM EDT (no late applications will be accepted)

Program Website: www.614beautiful.org

ABOUT THE PROGRAM:

614 Beautiful seeks to beautify communities through vibrant, neighborhood-driven solutions that address issues of equity and enable greater connectivity within the neighborhood. In addition to activating spaces and places, the program aims to encourage dialogue amongst neighbors, local businesses, and organizations, and promotes creativity and ingenuity in strategies that support all. Applicants should consider the following:

- Grants of up to \$15,000 will be awarded to selected proposals.
- Projects must be located within the City of Columbus corporation limits. While project sites are open citywide, additional consideration will be given to those in identified [opportunity neighborhoods](#).
- Proposals may include but are not limited to public art, landscape enhancements, wayfinding & signage, facade improvements, and/or transit-oriented interventions/streetscape improvements (see examples on the program website). The proposals cannot be solely used for community gardens, but may enhance an existing garden or community space for better public access/activation.
- Proposals must be in publicly accessible locations within the community.
- Implementation of the proposal, including the purchase of materials, payments to vendors, and acquisition of appropriate permits, are the responsibility of the applicant. Project implementation must involve the community (concept approval, volunteering, neighborhood contractors)
- Applicants are responsible for community buy-in and should consult with appropriate neighborhood stakeholder groups representing the community regarding final design considerations.

** Please note public right of way improvements will require coordination and approval from the Public Service Division of the City of Columbus. You are expected to have begun the process of coordinating and acquiring approval when you submit your application.*

Additionally, the program encourages proposals that:

- Utilize matching funds to increase the impact of their final projects
- Accommodate as many users as possible
- Build upon existing City initiatives that benefit the quality of life for all Columbus residents

The NDC may advise entrants with navigating the City review process, upon request. Applicants are encouraged to view the program information video online and contact the NDC.

SUBMISSION REQUIREMENTS

Program submissions must be in a digital format and sent to programs@columbusndc.org no later than **5:00 PM ET, on Monday, July 7, 2025** with the subject line “614 Beautiful 2025 Submission - (Your Name)”. Submissions must include (at a minimum):

1. **Completed Application Form** (see the Categories PDF for category definitions & examples).
2. **Maximum 15-slide presentation** (PowerPoint, Google Slides, or comparable program, maximum file size of 20 MB) saved as a **PDF**. The text should be at least 11-point font for legibility, and include:
 - a. Minimum (1) slide with your project team and/or project partners.
 - b. Minimum (1) slide with existing site conditions (photo(s) and/or aerial map of site, ownership information, address of location(s).
 - c. Minimum (1) slide of proposed idea/visioning – can include concept sketches, drawings, and/or other representations of proposed improvements, and clear description of proposed improvements.
 - d. Minimum (1) slide outlining your volunteer base and how the community is engaged in the process.
 - e. Minimum (1) slide detailing your implementation plan, including necessary approvals and community involvement (see the Implementation Considerations PDF for a list of considerations).
 - f. Minimum (1) slide with an implementation calendar or list of target dates for your implementation plan.
 - g. Minimum (1) slide detailing plans for maintaining the project, including how you intend to fund and make repairs, and the longevity of the project (see the Maintenance Considerations PDF for a list of considerations).
 - h. Minimum (1) slide illustrating how the site will be used by the community.

3. **Proposed Budget** in the provided template, including contingency of 10%. A budget narrative can be submitted with the budget if necessary (no more than 500 words).
4. **Minimum of (1) statement of support from the community** (i.e. community petition of support, letter of support from community organizations, civic associations, or area commissions) with contact information (phone/email) of organization providing the recommendation.
5. **Proof of Ownership or a statement of support from the property owner** to include contact information from the property owner permitting improvements.

Selected grant recipients will be required to submit photos of the implementation of the project and are required to notify the program administrators of implementation times/days and any final celebration information.

Selected grant recipients will also be required to submit a detailed maintenance plan and receive project support from community/regulatory entities prior to grant agreement execution.

While applicants retain ownership and/or copyright of materials submitted, the program sponsors and partners reserve the right to use, free of charge, materials submitted by the entrants for future marketing and communication materials, with appropriate credit, relative to the program as deemed necessary throughout its course and after completion.
